

**Full Product Range Guide
for Healthcare Professionals**

2023 marks the 70th Anniversary of Ego Pharmaceuticals.

Ego was founded in 1953 when a young chemist, Gerald Oppenheim, and his wife, Rae, a nurse, saw a need for products to restore and maintain healthy skin. In the laundry of their suburban Melbourne home they developed Ego Pine Tar Bath Solution, later called Pinetarsol, which remains one of Australia's most widely used inflammation treatments.

Ego has grown to become a world leader, producing a comprehensive skin and health care range for sale in Australia and around the world. Ego products are now exported across the globe, including regions such as the UK, Middle East and Asia.

Ego Pharmaceuticals remains family owned and operated, with all products manufactured in our own world-class plant in Melbourne, Australia. Gerald Oppenheim's son, Alan Oppenheim is now the Managing Director.

Thank you for supporting an Australian Made and Owned brand. You have helped us improve lives through the science of healthy skin for 70 years.

We are proudly Australian made and owned, and we are keen to learn from cultures across the globe as we further expand internationally.

Our Values

Aqium Ultra
UP TO 40%
improvement in skin hydration with multiple applications*

Aqium Antibacterial Hand Sanitisers

Profile: Aqium hospital strength hand sanitisers kill 99.99% of germs fast. Available in 3 formulations.

Benefits: Contain 77% v/v alcohol and moisturisers to help hydrate the skin while leaving hands cool and sanitised. Air dries quickly.

Ideal for use when outdoors, after nappy change, after using the toilet, after handling animals and before handling food. Aqium Ultra is 50% more moisturising than Aqium Antibacterial Hand Sanitiser.**

Aqium Antibacterial Hand Sanitiser contains: Alcohol (77% v/v), Aqua (Water), Glycerin, Panthenol (pro-Vitamin B5), Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Aminomethyl Propanol, Parfum.

Aqium Aloe contains: Alcohol (77% v/v), Aqua (Water), Glycerin, Panthenol (pro-Vitamin B5), Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Aminomethyl Propanol, Parfum, Aloe Barbadosis Leaf Juice.

Aqium Ultra contains: Alcohol (77% v/v), Aqua (Water), Paraffinum Liquidum, Glycerin, Dimethicone, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Panthenol (pro-Vitamin B5), Aminomethyl Propanol, Parfum.

Available in: 60mL flip-top bottle, 375mL and 1 Litre pump packs.

AZCLEAR action

Azclear Action Foaming Wash

Profile: A cleanser for the control of pimples and acne.

Benefits: This gentle, foaming, fragrance free formula cleanses the skin, removing dirt and washing away excess oil for clean and refreshed skin. Its formula helps leave the skin feeling soft and smooth.

Contains: Aqua (Water), Glycerin, Decyl Glucoside, Disodium Cocoamphodiacetate, Phenoxyethanol, PVP, Myrtrimonium Bromide, Chlorhexidine Diguconate, Citric Acid, Disodium Phosphate.

Available in: 150mL bottle with foam pump.

Azclear Action Soothing Gel

Profile: Designed to soothe and hydrate the skin. Azclear Soothing Gel has a non-sting formula ideal for use on sensitive or tired skin.

Benefits: A light moisturising gel to help comfort sensitive or uncomfortable skin. Delivers a hydrating boost to help restore the skin's natural appearance. Avemide 15™ helps calm and soothe sensitive skin. Suitable for use throughout the day, at night, under make-up, after shaving or sun exposure. Maintains skin hydration. Refreshes, cools and tones the skin.

Contains: Aqua (Water), Glycerin, Hamamelis Virginiana (Witch Hazel) Water, Cyclopentasiloxane, Cyclohexasiloxane, Disodium Lauriminodipropionate Tocopheryl Phosphates, Niacinamide, Parafinum Liquidum, Avena Sativa (Oat) Kernel Extract, Xanthan Gum, Sodium PCA, Panthenol, Ammonium Acryloyldimethyltaurate / VP Copolymer, Citric Acid, Cetearyl Alcohol, Sodium Methylparaben, Sodium Propylparaben, Ceteareth-20, Menthol, Potassium Sorbate.

Available in: 25g pump tube.

Azclear Action Day Moisturiser with SPF 30

Profile: Azclear Day Moisturiser with SPF 30 is specially designed to help restore hydration to the skin whilst protecting against sun damage.

Benefits: SPF 30 broad spectrum protection, light-weight moisturising formula, Cools and restores hydration to the skin to help reduce irritation, Suitable for all skin types.

Contains: Actives (w/w): Octyl Methoxycinnamate 3.5%, Diethylamino Hydroxybenzoyl Hexyl Benzoate 1.5%, Bemotrizinol 1.3%.
Preservatives: Hydroxybenzoates.

Available in: 120mL bottle.

Azclear Action Medicated Lotion

Profile: Anti-bacterial lotion for pimples, blackheads, acne and papulopustular rosacea.

Its dual action attacks pimples by fighting bacteria and unblocking the oil ducts, which helps to reduce redness and dry up pimples.

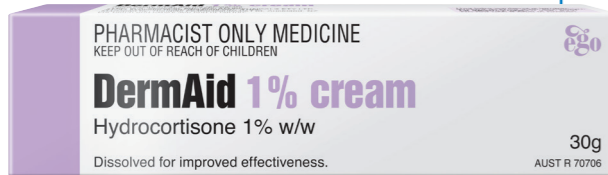

Benefits: Oil-free, invisible, easy to apply lotion. Gentle fragrance free lotion.

Contains: Actives (w/w): Azelaic Acid 20%.
Preservative: Phenoxyethanol.

Available in: 25g tamper evident tube.

*Average increase in skin hydration (corneometer) – control vs test. Testing conducted over 6 hours of multiple subsequent applications. **Data held on file.

DermAid™

DermAid 1% Cream

Profile: Quick action – for the temporary relief of minor skin irritations, itching and rashes due to eczema, dermatitis or psoriasis.

Benefits: Contains dissolved hydrocortisone for improved effectiveness and fast relief. Lanolin-free, paraben-free and chlorocresol-free.

Contains: Active (w/w): Hydrocortisone 1%.
Preservative: Benzyl Alcohol.

Available in: 30g tamper evident tube.

Dosage: Apply a small amount to affected skin 1-2 times daily as required.

DermAid 0.5% Cream

Profile: Quick action – for the temporary relief of minor skin irritations, itching and rashes due to eczema, dermatitis or psoriasis.

Benefits: Contains dissolved hydrocortisone for improved effectiveness and fast relief. DermAid 0.5% cream is lanolin-free, paraben-free and chlorocresol-free.

Contains: Active (w/w): Hydrocortisone 0.5%.
Preservative: Benzyl Alcohol.

Available in: 30g tamper evident tube.

DermAid Soft 1% Cream

Profile: Gentle action – for the temporary relief of minor skin irritations, itching and rashes due to eczema, dermatitis or psoriasis.

Benefits: Contains dispersed hydrocortisone for slow penetration. Lanolin-free, paraben-free and chlorocresol-free.

Contains: Active (w/w): Hydrocortisone 1%.
Preservative: Phenethyl Alcohol.

Available in: 30g tamper evident tube.

Dosage: Apply a thin layer to affected skin 2-4 times daily.

DermAid Soft 0.5% Cream

Profile: Gentle action – for the temporary relief of minor skin irritations, itching and rashes due to eczema, dermatitis or psoriasis.

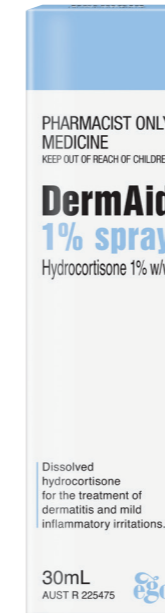

Benefits: Contains dispersed hydrocortisone for slow penetration. DermAid Soft 0.5% cream is lanolin-free, paraben-free and chlorocresol-free.

Contains: Active (w/w): Hydrocortisone 0.5%.
Preservative: Benzyl Alcohol.

Available in: 30g tamper evident tube.

Review the full PI before recommending DermAid 1% cream and DermAid Soft 1% cream. PI available on request from Ego Pharmaceuticals.

DermAid™

DermAid 1% Spray

Profile: Quick action – for the temporary relief of minor skin irritations.

Benefits: Contains dissolved hydrocortisone for improved effectiveness and fast relief. Easy-to-apply spray formula, suitable for hirsute areas and sunburn.

Contains: Active (w/w): Hydrocortisone 1%.
Preservative: Phenoxyethanol.

Available in: 30mL spray bottle.

Dosage: Apply 1-2 sprays to the affected skin 2-3 times daily.

DermAid 1% Solution

Profile: Quick action – for the temporary relief of minor skin irritations.

Benefits: Contains dissolved hydrocortisone for improved effectiveness. Easy to apply dropper bottle, suitable for corticosteroid responsive conditions affecting the scalp.

Contains: Active (w/w): Hydrocortisone 1%.
Preservative: Phenoxyethanol.

Available in: 30mL bottle with dropper.

Dosage: Apply a few drops to the affected area 2-3 times daily.

Review the full PI before recommending DermAid 1% spray and DermAid 1% solution. PI available on request from Ego Pharmaceuticals.

etch & ethos

GOOD ON YOU HELPING DIVERT
200,000 MILK BOTTLES FROM LANDFILL*

QV Wash

Profile: A soap substitute body wash suitable for every day use on dry or sensitive skin.

Benefits: A gentle alternative to soap. It lathers, cleanses and leaves skin feeling fresh. Suitable for the entire body. Ideal for daily use in the shower or at the hand basin.

Contains: Aqua (Water), Sodium Lauryl Sulfate, Glycerin, Lauryl Betaine, Disodium Cocoamphodiacetate, Sodium Cocoyl Isethionate, PEG-120 Methyl Glucose Dioleate, Glycol Stearate, Methylparaben, Citric Acid, Propylparaben.

Available in: 250mL flip-top bottle, 500mL and 1L pump packs.

QV Gentle Wash

Profile: A gentle soap substitute specially formulated for use on dry, sensitive skin. QV Gentle Wash is suitable for use with eczema, dermatitis and psoriasis.

Benefits: A gentle, foaming soap alternative. The innovative formulation helps hydrate skin during the cleansing process to leave skin feeling clean and soft - not tight and dry. Suitable for the entire body. Ideal for daily use in the shower or at the hand basin.

Contains: Aqua (Water), Glycerin, Sodium Lauroyl Sarcosinate, Disodium Cocoamphodiacetate, Lauryl Betaine, Sodium Cocoyl Isethionate, Acrylates/C10-30 Alkyl Acrylate Copolymer, Styrene/Acrylates Copolymer, Aminomethyl Propanol, Methylparaben, Propylparaben.

Available in: 250mL flip-top bottle, 500mL and 1Kg pump packs.

QV Bath Oil

Profile: Non-greasy, soap-free, bath oil suitable for large areas of dry or sensitive skin.

Benefits: This water dispersible oil helps visibly revive large areas of dry skin. Pamper the skin while relaxing in a bath. QV Bath Oil helps leave the skin feeling soft and smooth with a hydrated glow. Suitable for infants.

Contains: Paraffinum Liquidum, Laureth-3, Isopropyl Myristate.

Available in: 250mL, 500mL and 1L bottles.

QV Bar

Profile: Gentle soap substitute, specially formulated for dry or sensitive skin.

Benefits: For those who prefer a cleanser that can be held in the hand like normal soap. QV Bar moisturises as it cleanses and helps leave skin feeling soft and smooth.

Contains: Disodium Laureth Sulfosuccinate, Cetearyl Alcohol, Sodium Lauryl Sulfate, Disodium Cocamido MEA-Sulfosuccinate, PEG-150, Zea Mays (Corn) Starch, Stearic Acid, Cocamidopropyl Betaine, Glycerin, Petrolatum, Stearyl Heptanoate, Dimethicone, Paraffin, Lactic Acid, Methylparaben.

Available in: 100g bar, 2 x 100g bar.

QV Skin Lotion

Profile: Light moisturising lotion to help prevent and relieve dry skin. Suitable for use with eczema, dermatitis and psoriasis.

Benefits: Light and easy to apply to all parts of the body, QV Skin Lotion helps relieve dry skin, leaving it feeling soft and smooth. For best results apply after a shower or bath.

Contains: Aqua (Water), Glycerin, Petrolatum, C12-15 Alkyl Benzoate, Cetearyl Alcohol, Ceteareth-20, Steareth-2, Dimethicone, Glycerol Stearate, Methylparaben, Propylparaben, Dichlorobenzyl Alcohol, Polyacrylic Acid, Triethanolamine.

Available in: 250mL flip-top bottle, 500mL and 1L pump packs.

QV Cream

Profile: This rich cream hydrates the skin and helps relieve dry areas, especially the elbows, knees or hands.

Benefits: QV Cream is a highly concentrated moisturising cream, suitable for infants and elderly.

Contains: Aqua (Water), Paraffinum Liquidum, Glycerin, Petrolatum, Cetearyl Alcohol, Dimethicone, Squalane, Ceteareth-20, Glyceryl Stearate SE, Stearic Acid, Laureth-3, Glyceryl Stearate, Methylparaben, Dichlorobenzyl Alcohol.

Available in: 100g tube, 250g and 500g tubs, 500g and 1Kg pump packs.

QV Intensive Moisturising Cleanser

Profile: A gentle soap-free cleanser that is enriched with a moisturiser making it ideal for extremely dry skin. It leaves a moisturising film on the skin and is lightly foaming.

Benefits: Free from preservatives. It is suitable for extremely dry skin.

Contains: Glycerin, Aqua (Water), Sodium Lauroyl Sarcosinate, Disodium Cocoamphodiacetate, Lauryl Betaine, Sodium Cocoyl Isethionate, Acrylates/C10-30 Alkyl Acrylate Copolymer, Styrene/Acrylates Copolymer, Aminomethyl Propanol.

Available in: 250g flip-top bottle, 500g and 1kg pump packs.

QV Intensive Cream

Profile: A readily absorbing, highly concentrated cream, designed to help relieve extremely dry skin. Suitable for use with eczema, dermatitis and psoriasis.

Benefits: Triple-moisturiser formula, including glycerin, for skin hydration. Up to 24 hour moisturisation. Easily applied. Hydrates and helps to maintain the skin barrier. Preservative free to help reduce the chance of irritation.

Contains: Aqua (Water), Petrolatum, Paraffinum Liquidum, Glycerin, Cyclopentasiloxane, Cyclohexasiloxane, Cetearyl Alcohol, Behentrimonium Methosulfate, Dimethicone, 1,2-Hexanediol, Caprylyl Glycol.

Available in: 100g tube and 500g pump pack.

QV Intensive Body Moisturiser

Profile: An intensive and highly emollient moisturiser to help relieve, soothe and protect extremely dry skin. Suitable for use with sensitive, itchy skin and eczema.

Benefits: Water-free so it won't sting when applied to dry, cracked skin. QV Intensive Body Moisturiser is free from preservatives so it suits even sensitive skin types.

Contains: Paraffinum Liquidum, Petrolatum, Isopropyl Myristate, Polyethylene, Cetearyl Alcohol, Dimethicone, Silica.

Available in: 100g tube and 450g tub.

QV Dermcare Eczema Daily Wash

Profile: A scientifically formulated emollient product that can be used as often as needed. Containing a number of rigorously researched ingredients that work together to help manage the symptoms of mild to moderate eczema.

Benefits: Gently cleanses eczema skin. pH balanced formula hydrates as it cleanses, creating a barrier to help skin retain moisture. Helps repair the skin barrier.

Contains: Aqua (Water), Petrolatum, Sodium Lauroyl Sarcosinate, Glycerin, Niacinamide, Lauryl Betaine, Lactic Acid, Sodium Cocoyl Isethionate, Sodium PCA, Xanthan Gum, 1,2-Hexanediol, Caprylyl Glycol, Sodium Polyacrylate, Ceramide NP, Cholesterol Carthamus Tinctorius (Safflower) Seed Oil, Ceramide EOP.

Available in: 350mL and 1kg pump pack.

QV Dermcare Eczema Daily Cream

Profile: A scientifically formulated emollient product that can be used as often as needed. Containing a number of rigorously researched ingredients that work together to help manage the symptoms of mild to moderate eczema.

Benefits: Intensely hydrating formula. Creates a protective barrier to help eczema skin retain moisture. Helps repair the skin barrier. Helps relieve itchy, dry skin.

Contains: Aqua (Water), Glycerin, Petrolatum, Niacinamide, Paraffinium Liquidum, Dimethicone, Cetearyl Alcohol, Lactic Acid, Glyceryl Stearate SE, Ceteareth-20, Sodium PCA, Stearic Acid, Caprylyl Glycol, 1,2-Hexanediol, Laureth-3, Xanthan Gum, Sodium Hydroxide, Ceramide NP, Cholesterol, Carthamus Tinctorius (Safflower) Seed Oil, Ceramide EOP.

Available in: 350mL and 1kg pump pack.

QV Dermcare Sting-Free Ointment

Profile: Formulated specifically for extremely dry skin. Along with an ointment base, it contains ceramides 1 and 3, which are crucial components of the skin barrier, and have been shown to support overall skin function.

Benefits: Water-free ointment base to provide hydration whilst soothing cracked skin. Helps to support the skin's barrier function. Contains ceramides 1 and 3. Dermatologically tested. Suitable for use with eczema-prone skin.

Contains: Aqua (Water), Glycerin, Petrolatum, Niacinamide, Paraffinium Liquidum, Dimethicone, Cetearyl Alcohol, Lactic Acid, Glyceryl Stearate SE, Ceteareth-20, Sodium PCA, Stearic Acid, Caprylyl Glycol, 1,2-Hexanediol, Laureth-3, Xanthan Gum, Sodium Hydroxide, Ceramide NP, Cholesterol, Carthamus Tinctorius (Safflower) Seed Oil, Ceramide EOP.

Available in: 100g tube and 200g tub.

QV Flare Up Wash

Profile: A foaming wash that helps to relieve atopic eczema by gently cleansing the skin and removing bacteria that can aggravate eczema.

Benefits: The combination of ingredients in the formula help to gently wash away bacteria that can aggravate eczema. Ideal for cleansing smaller areas of skin and when a full bath is not possible or practical.

Contains: Aqua (Water), Glycerin, Myrtrimonium Bromide, Benzalkonium Chloride, Disodium EDTA, Lactic Acid.

Available in: 150mL bottle with foam pump.

QV Flare Up Bath Oil

Profile: A bath oil that helps relieve the symptoms of atopic eczema and is ideal for treating large areas of skin.

Benefits: Its dual action formulation reduces the level of bacteria on the skin and leaves an emollient film to help maintain skin hydration and leave the skin feeling supple and soft. An effective alternative¹ to bleach baths with an easy to use product-to-water indicator on pack for correct dosage.

Actives (w/w): Benzalkonium Chloride 2%, Triclosan 0.7%, Light Liquid Paraffin 65.1%

Available in: 200mL and 500mL bottles.

Not recommended for infants under 6 months.

QV Flare Up Cream

Profile: A highly emollient cream to help relieve the symptoms of mild eczema.

Benefits: For ongoing care of the skin throughout the day. The emollient properties of QV Flare Up Cream help to relieve the symptoms of mild eczema and dermatitis by moisturising and helping to hydrate and relieve dry skin.

Contains: Actives (w/w): Glycerol 10% (Glycerin). Preservatives: Benzalkonium Chloride, Hydroxybenzoates, Phenoxyethanol.

Available in: 100g tube.

1. Spada F, Barnes TM, Grieve KA. Emollient formulations containing antiseptics reduce effectively the level of Staphylococcus aureus on skin. Clinical, Cosmetic and Investigational Dermatology 2019;12 639-645.

QV Baby Gentle Wash
Profile: Gentle, soap-free baby wash containing Vitamin B3 and Glycerin to help hydrate while cleansing the skin.
Benefits: Free from soap, fragrance and common irritants, this non-comedogenic gentle baby wash is pH balanced and a low-irritant formula to work in harmony with baby's skin.
Contains: Aqua (Water), Glycerin, Sodium Lauroyl Sarcosinate, Sodium Cocoyl Isethionate, Disodium Cocoamphodiacetate, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Lauryl Betaine, Niacinamide, Aminomethyl Propanol, Styrene/Acrylates Copolymer, Methylparaben, Ethylparaben.
Available in: 250g bottle and 500g pump.

QV Baby Skin Lotion
Profile: A lightweight moisturising formulation designed to help relieve dry skin. The formulation is fast absorbing and designed for delicate, sensitive skin.
Benefits: Helps seal in natural moisture. pH balanced, low-irritant formulation, free from fragrance, colour, lanolin and propylene glycol. Suitable for use on sensitive skin.
Contains: Aqua (Water), Glycerin, Petrolatum, C12-15 Alkyl Benzoate, Cetearyl Alcohol, Ceteareth-20, Steareth-2, Dimethicone, Niacinamide, Glyceryl Stearate, Methylparaben, Propylparaben, Dichlorobenzyl Alcohol, Polyacrylic Acid, Triethanolamine.
Available in: 250g pump.

QV Baby Bath Oil
Profile: Water dispersible bath oil to help moisturise while cleansing baby's delicate skin.
Benefits: Suitable for infants, this preservative-free and soap-free bath oil contains Vitamin E and paraffinum liquidum to visibly revive dry skin, leaving skin feeling soft and smooth.
Contains: Paraffinum Liquidum, Laureth-3, Isopropyl Myristate, Tocopherol.
Available in: 250mL and 500mL bottles.

QV Baby Moisturising Cream
Profile: Gentle, hydrating moisturising cream with a triple moisturiser system for up to 24 hour hydration.
Benefits: Formulated with 3 types of moisturising ingredients to mimic how skin naturally hydrates itself, this non-greasy, easily absorbed, and long lasting moisturising cream supports the baby's skin barrier.
Contains: Aqua (water), Glycerin, Paraffinum Liquidum, Petrolatum, Cetearyl Alcohol, Dimethicone, Stearic Acid, Ceteareth-20, Niacinamide, Squalane, Laureth-3, Glyceryl Stearate, Methylparaben, Dichlorobenzyl Alcohol.
Available in: 250g tub and 500g pump.

QV Baby Barrier Cream
Profile: The soothing, rich formula helps protect delicate skin against nappy rash. It forms a barrier that helps to shield baby's skin from water, detergents, urine, faeces and other irritants.
Benefits: A non-sticky, non-greasy, low irritant formulation and moisturising base helps to hydrate skin and prevent moisture loss from baby's soft skin.
Contains: Aqua (Water), Zinc Oxide, Dimethicone, Paraffinum Liquidum, Glycerin, Cetearyl Alcohol, Ceteareth-25, Panthenol, Methylparaben, Xanthan Gum.
Available in: 50g and 125g tubes.

QV Baby 2 in 1 Shampoo & Conditioner
Profile: A gentle, tear-free foaming formula, suitable to use daily for cleansing and conditioning baby's hair.
Benefits: Soap, colour, fragrance and propylene glycol free. pH balanced and suitable for daily use on baby's hair and scalp.
Contains: Aqua (Water), Glycerin, TEA-Lauryl Sulfate, Polyquaternium-44, Lauryl Betaine, Disodium Cocoamphodiacetate, Sodium Cocoyl Isethionate, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Aminomethyl Propanol, Methylparaben, Propylparaben.
Available in: 200g bottle.

QV

CERAMIDES

QV Ceramides Cleanser

Profile: Triple Ceramide (EOP, NP, AP) and niacinamide based cleanser with hydrating glycerin to help support the skin barrier on face and body whilst cleansing.

Benefits: Moisturising and pH balanced cleanser for the face and body scientifically formulated with a blend of 3 ceramides (EOP, AP, NP), niacinamide and 15% glycerin to help support the skin barrier whilst cleansing for a hydrated, balanced and glowing complexion, without tightness or increased irritation potential. pH balanced, ophthalmologically tested and fragrance and colour free. Suitable for use with sensitive, eczema-prone and acne-prone skin on the face and body.

Contains: Aqua (Water), Glycerin, Disodium Cocoamphodiacetate, Sodium Lauroyl Sarcosinate, Sodium Cocoyl Isethionate, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Lauryl Betaine, Styrene/Acrylate Crosspolymer, Aminomethyl Propanol, Methylparaben, Ethylparaben, Niacinamide, Sodium Lauroyl Lactylate, Ethylhexylglycerin, Ceramide AP, Ceramide NP, Ceramide EOP, Phytosphingosine, Cholesterol, Xanthan Gum, Carbomer.

Available in: 350g pump pack.

QV Ceramides Lotion

Profile: Lightweight lotion formulated with 3 ceramides (EOP, NP, AP), niacinamide & glycerin to help support the skin barrier and protect against environmental irritants.

Benefits: Triple moisturising formulation helps to reduce trans-epidermal water loss, and keep skin hydrated for up to 24 hours for a hydrated and glowing complexion. pH balanced, ophthalmologically tested and fragrance and colour free. Suitable for use with sensitive, eczema-prone and acne-prone skin on the face and body.

Contains: Aqua (Water), Petrolatum, Glycerin, C12-15 Alkyl Benzoate, Cetearyl Alcohol, Dimethicone, Steareth-2, Ceteareth-20, Glyceryl Stearate, Methylparaben, Propylparaben, Polyacrylic Acid, Dichlorobenzyl Alcohol, Triethanolamine, Niacinamide, Sodium Lauroyl Lactylate, Phytosphingosine, Ceramide AP, Ceramide NP, Ceramide EOP, Cholesterol, Xanthan Gum, Carbomer, Ethylhexylglycerin.

Available in: 350g pump pack.

QV Ceramides Cream

Profile: Rich & deeply hydrating triple ceramide (EOP, NP, AP) and triple moisturising cream formulation with niacinamide to promote a healthy skin barrier for hydrated and rejuvenated glowing skin and up to 24 hour hydration.

Benefits: Formulated with a blend of 3 ceramides, glycerin & niacinamide. Provides 24 hour hydration and improved transepidermal water loss. Rich, triple moisturising formulation. pH balanced, ophthalmologically tested and fragrance and colour free. Suitable for use with sensitive, eczema-prone and acne-prone skin on the face and body.

Contains: Aqua (Water), Glycerin, Paraffinum Liquidum, Petrolatum, Cetearyl Alcohol, Dimethicone, Ceteareth-20, Stearic Acid, Glyceryl Stearate, Squalane, Laureth-3, Methylparaben, Dichlorobenzyl Alcohol, Sodium Lauroyl Lactylate, Niacinamide, Ceramide AP, Ceramide NP, Ceramide EOP, Phytosphingosine, Cholesterol, Xanthan Gum, Carbomer, Ethylhexylglycerin.

Available in: 500g tub.

QV

QV Gentle Shampoo

Profile: A shampoo formulated for sensitive scalps.

Benefits: A gentle foaming shampoo containing glycerin to help hydrate hair whilst cleansing. This soap, fragrance and colour free shampoo cleanses leaving the hair feeling soft and manageable.

Contains: Aqua (Water), Glycerin, TEA-Lauryl Sulfate, Sodium Cocoyl Isethionate, Disodium Cocoamphodiacetate, Lauryl Betaine, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Polyquaternium-44, Panthenol, Aminomethyl Propanol, Methylparaben, Propylparaben.

Available in: 250g and 500g bottle.

QV Gentle Conditioner

Profile: Rich conditioner that helps hydrate hair without leaving product build up. It is free from common irritants suitable for sensitive scalps.

Benefits: Helps hydrate dry scalp and hair. Fragrance, colour and soap free, with glycerin for increased moisture retention in hair. Leaves hair feeling soft and silky.

Contains: Aqua (Water), Glycerin, Cetearyl Alcohol, Panthenol, Behentrimonium Methosulfate, 1,2-Hexanediol, Caprylyl Glycol, Titanium Dioxide, Citric Acid.

Available in: 250g and 500g bottle.

QV Nourishing Shampoo

Profile: This nourishing shampoo helps to hydrate the scalp while cleansing and enriches the hair with an intense moisture boost leaving it feeling soft and smooth.

Benefits: Free from soap and colour. Free from fragrance. pH balanced and is suitable for sensitive skin.

Contains: Aqua (Water), TEA-Lauryl Sulfate, Glycerin, Disodium Laureth Sulfosuccinate, Sodium Lauryl Sulfoacetate, Disodium Cocoamphodiacetate, Lauryl Betaine, Glycol Stearate, Glycolic Acid, Butylene Glycol, Panthenol, Sodium Sulfate, Sodium Chloride, Hydroxypropylmethylcellulose, Methylparaben, Guar Hydroxypropyltrimonium Chloride, Propylparaben, Disodium EDTA.

Available in: 250g and 500g bottle.

QV Nourishing Conditioner

Profile: This nourishing conditioner penetrates deep into the areas that need it most, delivering soft and manageable hair.

Benefits: Free from fragrance, soap and colour. pH balanced. Suitable for sensitive skin. Helps reduce damage caused by colour and styling.

Contains: Aqua (Water), Cetearyl Alcohol, Glycerin, Behentrimonium Methosulfate, Cyclopentasiloxane, Phenyl Trimethicone, Panthenol, Dimethiconol, 1,2-Hexanediol, Caprylyl Glycol.

Available in: 250g and 500g bottle.

QV Face Gentle Cleanser

Profile: A gentle and lightly foaming cleanser with added moisturisers to leave skin feeling clean, refreshed and soft.

Benefits: Gentle, refreshing and lightly foaming formulation, which cleanses the delicate skin of the face. The addition of moisturisers such as Safflower Oil, helps to hydrate and soften the skin while cleansing. It also includes Vitamin E which is a moisturising antioxidant. Use morning and night to help achieve a healthy-looking glow.

Contains: Aqua (Water), Petrolatum (Soft White Paraffin), Sodium Laureth Sulfate, Carthamus Tinctorius (Safflower) Seed Oil, Glycerin, Lauryl Betaine, Xanthan Gum, Guar Hydroxypropyltrimonium Chloride, Tocopherol, Methylparaben, Propylparaben, Sodium Polyacrylate, Citric Acid.

Available in: 250g flip-top bottle and 500g pump pack.

QV Face Gentle Foaming Cleanser

Profile: Specifically formulated to help remove make-up and gently cleanse skin. The light, foaming formulation gently cleanses dry or sensitive skin leaving skin feeling fresh and soft.

Benefits: Gentle formulation for the face. Glycerin and vitamin E help to hydrate the skin during cleansing. Soap, fragrance and colour free, and pH balanced. Suitable for normal, dry or sensitive skin.

Contains: Aqua (Water), Glycerin, Disodium Cocoamphodiacetate, Sodium Lauryl Glucosides Hydroxypropyl Sulfonate, Decyl Glucoside, PVP, Panthenol, Citric Acid, Sodium Methylparaben, PEG-14M, Diazolidinyl Urea, Carthamus Tinctorius (Safflower) Seed Oil, Tocopherol.

Available in: 150mL bottle with foam pump.

QV Face Cleansing Wipes

Profile: Designed to effectively remove make-up and oil, as well as leave skin moisturised and feeling clean and refreshed. They are strong enough to remove waterproof mascara, yet gentle enough for sensitive skin.

Benefits: With added Safflower Oil to replenish moisture levels and Vitamin E, providing anti-oxidant benefits. Lanolin, fragrance and soap free. Suitable for sensitive skin.

Contains: Aqua (Water), Glycerin, Paraffinum Liquidum, Glyceryl Stearate, Phenoxyethanol, Cetareth-20, Dimethicone, Stearic Acid, Laureth-3, Sodium Methylparaben, Tocopherol, Carthamus Tinctorius (Safflower) Seed Oil, Dichlorobenzyl Alcohol, Citric Acid.

Available in: a pack of 25 cleansing wipes.

QV Face Moisturising Day Cream

Profile: This facial moisturising cream has the added benefit of SPF 30 to help protect against the sun's UV rays and helps protect against visible premature ageing caused by sun exposure.

Benefits: It helps provide hydration with a non-greasy formula that is soft and easy to apply. It can be used under make-up and it helps to provide your skin moisture. With SPF 30, it also helps protect from the sun's UV rays.

Contains: Actives (w/w): Bemotrizinol 1.0%, Methylene Bis-Benzotriazolyl Tetramethylbutylphenol 1.0%, Zinc Oxide 1.5%. Preservatives: Dichlorobenzyl Alcohol, Iodopropynyl Butylcarbamate, Hydroxybenzoates.

Available in: 75g and 150g tubes.

QV Face Oil Free Moisturiser

Profile: Designed for oily and combination skin. The non-comedogenic formula minimises shine, providing a light, matte finish. The gentle moisturiser contains vitamin B3 and pro-vitamin B5 to help keep the delicate skin of the face feeling hydrated and fresh throughout the day.

Benefits: Suitable for oily & acne prone skin, it contains witch hazel and Avemide 15™ to soothe dry skin. Fragrance and colour free, dermatologically tested and suitable for sensitive skin.

Contains: Aqua (Water), Cyclopentasiloxane (and) Cyclohexasiloxane, Cetearyl Alcohol, Hamamelis Virginiana (Witch Hazel) Water, Aluminium Starch Octenylsuccinate, Glycerin, Niacinamide, C12-15 Alkyl Benzoate, Cetareth-20, Panthenol, Avena Sativa (Oat) Kernel Extract, Methylparaben, Propylparaben, Xanthan Gum, Citric Acid, also contains Potassium Sorbate.

Available in: 75g tube.

QV Face Ultra Calming Moisturiser

Profile: A non-greasy and lightweight formula designed for irritated and sensitive skin. Formulated with Pro Vitamin B5 & Vitamin B3. Use daily for up to 24 hour hydration to leave skin feeling refreshed and hydrated. Suitable for use under make up.

Benefits: Designed for irritated and sensitive skin. Fragrance, colour, lanolin and propylene glycol free. Dermatologically tested and non-comedogenic, so it won't block pores.

Contains: Aqua (Water), Glycerin, Paraffinum Liquidum, Cyclopentasiloxane, Cetearyl Alcohol, Cyclohexasiloxane, Isopropyl Myristate, Disodium Lauriminopropionate Tocopherol Phosphates, Cetareth-20, Cetyl Alcohol, Panthenol, Niacinamide, Hamamelis Virginiana (Witch Hazel) Water, Sorbitan Oliviate, Cetearyl Oliviate, Xanthan Gum, Methylparaben, Sodium PCA, Propylparaben, Carthamus Tinctorius (Safflower) Seed Oil, Citric Acid, Avena Sativa (Oat) Kernel Extract, Benzoic Acid, Potassium Sorbate.

Available in: 75g tube.

Always read the label. Follow the directions for use. Avoid prolonged sun exposure and wear protective clothing, hats and eyewear to further reduce risk. Frequent re-application is required.

QV Face Revitalising Eye Cream

Profile: A revitalising moisturiser specifically formulated for the delicate eye area with Enhanced PCa+ and Safflower Oil.

Benefits: Hydrates your skin for visibly increased elasticity whilst helping to reduce the appearance of dark circles and puffiness. The silky smooth formula is lightweight and great for all skin types, including dry or sensitive skin. Ophthalmologically tested.

Contains: Aqua (Water), Cyclopentasiloxane (And) Cyclohexasiloxane, Glycerin, Petrolatum, Cetearyl Alcohol, Sodium PCA, Paraffinum Liquidum, Carthamus Tinctorius (Safflower) Seed Oil, Ceteareth-20, Glyceryl Stearate, Triethanolamine, Methylparaben, Polyacrylic Acid, Propylparaben, Tocopherol, Disodium EDTA.

Available in: 15g tube.

QV Face Nurturing Night Cream

Profile: A nurturing moisturiser for night time with vitamin B3 complex and safflower oil to promote visibly firmer, smoother skin.

Benefits: Moisturises skin to help visibly improve skin elasticity and assist with reducing the appearance of fine lines and wrinkles. Vitamin B3 complex (Niacinamide) helps to visibly firm and smooth the skin. Suitable for dry and sensitive skin.

Contains: Aqua (Water), Cyclopentasiloxane (And) Cyclohexasiloxane, Glycerin, Carthamus Tinctorius (Safflower) Seed Oil, Petrolatum, Paraffinum Liquidum, PEG-100 Stearate (And) Glyceryl Stearate, Cetearyl Alcohol, Niacinamide, Dimethicone, Methylparaben, Propylparaben Sodium Polyacrylate, Tocopherol, Dichlorobenzyl Alcohol, Citric Acid.

Available in: 50g jar.

QV Face Purifying Mask

Profile: A luxurious clay-based mask that helps to cleanse, moisturise and purify the skin and is suitable for daily use.

Benefits: The inclusion of Kaolin helps remove excess oil and dirt. Safflower Oil helps to hydrate and soften the skin and anti oxidant Vitamin E also helps to hydrate the skin. It is fragrance and colour free and suitable for sensitive skin. Leave on for 5-10 minutes and remove with water to reveal smoother and more supple skin.

Contains: Aqua (Water), Kaolin, Paraffinum Liquidum, Butylene Glycol, Cyclopentasiloxane (And) Cyclohexasiloxane, Panthenol, Carthamus Tinctorius (Safflower) Seed Oil, Magnesium Aluminium Silicate, Glyceryl Stearate, PEG-100 Stearate, Cetyl Alcohol, Tocopherol (Vitamin E), Xanthan Gum, Methylparaben, Propylparaben, Citric Acid.

Available in: 75g tube.

QV Face Exfoliating Polish

Profile: An exfoliating polish, suitable for everyday use that helps to smooth and revitalise the appearance of the skin by gently removing impurities and dead skin cells.

Benefits: Inclusion of Avemide 15™ helps to reduce the chance of irritation. This formula also helps to hydrate the skin while exfoliating.

Contains: Aqua (Water), Glycerin, Paraffinum Liquidum, Cellulose Acetate, Cetyl Alcohol, PEG-100 Stearate, Glyceryl Stearate, Niacinamide, Carthamus Tinctorius (Safflower) Seed Oil, 1,2-Hexanediol, Sodium PCA, Acrylates/C10-30 Alkyl Acrylate Crosspolymer, Triethanolamine, Caprylyl Glycol, Panthenol, Methylparaben, Polyacrylic Acid (And) Ultramarines, Tocopherol, Disodium EDTA, Propylparaben, Avena Sativa (Oat) Kernel Extract, Potassium Sorbate.

Available in: 150g tube.

QV Face Hydrate & Renew Serum

Profile: A light moisturising gel to help comfort sensitive skin while delivering a hydrating boost to help replenish the skin.

Benefits: With Avemide 15™ to help calm and soothe sensitive or dry skin. The light formulation refreshes, cools and tones the skin and helps reduce discomfort of dry, or sensitive and tired skin.

Contains: Aqua (Water), Glycerin, Hamamelis Virginiana (Witch Hazel) Water, Disodium Lauriminodipropionate Tocopheryl Phosphates, Cyclopentasiloxane (And) Cyclohexasiloxane, Paraffinum Liquidum, Niacinamide, Avena Sativa (Oat) Kernel Extract (Avemide 15™), Sodium PCA, Panthenol, Menthol, Xanthan Gum, Ammonium Acryloyldimethyltaurate/VP Copolymer, Citric Acid, Cetearyl Alcohol, Sodium Methylparaben, Sodium Propylparaben, Ceteareth-20.

Available in: 25g pump pack.

QV Face Lip Balm

Profile: A moisturising lip balm that is fragrance, colour and preservative free, with broad spectrum SPF 30 protection.

Benefits: Glide on applicator gently smooths product onto lips to soothe, moisturise and help protect against dry, cracked lips due to sun damage.

Contains: Actives (w/w): Octyl Methoxycinnamate 2%, Butyl Methoxydibenzoylmethane 1.5%, Diethylamino Hydroxybenzoyl Hexyl Benzoate 1.4%.

Available in: 15g tube.

Always read the label. Follow the directions for use. Avoid prolonged sun exposure and wear protective clothing, hats and eyewear to further reduce risk. Frequent re-application is required.

QV Hand Cream SPF 15

Profile: Nourishes your hands while protecting them from the visible signs of premature aging caused by the sun's UV rays.

Benefits: SPF 15 broad spectrum protection, is suitable for use while outdoors. Fast absorbing, non-greasy formula leaves hands feeling soft and smooth. Fragrance, colour, lanolin and propylene glycol free. QV Hand Cream SPF 15 is pH balanced to help support the skin's natural protective properties. Dermatologically tested.

Contains: Aqua (Water), Glycerin, Cetyl Alcohol, Paraffinum Liquidum, Cetearyl Alcohol, Glyceryl Stearate SE, Ethylhexyl Methoxycinnamate, Stearic Acid, Ceteareth-20, Butyl Methoxydibenzoylmethane, Bis-Ethylhexyloxyphenol Methoxyphenyl Triazine, C12-15 Alkyl Benzoate, Diethylamino Hydroxybenzoyl Hexyl Benzoate, Laureth-3, Glyceryl Stearate, Methylparaben, Propylparaben, Dichlorobenzyl Alcohol, Citric Acid.

Available in: 50g tube.

QV Hand Cream

Profile: A highly moisturising hand cream suitable for sensitive skin.

Benefits: Lanolin-free and low-irritant formula, this non-greasy cream helps moisturise hands, leaving the skin feeling soft.

Contains: Aqua (Water), Glyceryl Stearate SE, Glycerin, Paraffinum Liquidum, Cetyl Alcohol, Methylparaben, Citric Acid, Propylparaben.

Available in: 50g tube.

QV Heel Balm

Profile: Helps to hydrate and visibly revives rough, dry and cracked heels. It enables softening of the skin by exfoliating dead, dry skin.

Benefits: QV Feet Heel Balm is urea-free. The formula combines sodium lactate and lactic acid to produce a product that is suitable for rough, dry and cracked heels. Suitable for sensitive skin.

Contains: Aqua (Water), Sodium Lactate, Stearic Acid, Lactic Acid, Cetearyl Alcohol, Paraffinum Liquidum, Petrolatum, PEG-100 Stearate (And) Glyceryl Stearate, Sodium Polyacrylate, Xanthan Gum, Methylparaben, Propylparaben.

Available in: 50g and 100g tubes.

QV Naked Deodorant

Profile: Gentle on skin, powerful on protection against odour, QV Naked Deodorant is fragrance free, designed for sensitive skin and presented in a choice of aerosol and roll-on.

Benefits: Revolutionary Biosorb™ Crystals inhibit the growth of odour causing bacteria, combating the source of the problem. Dermatologically tested, proven all day protection. Sensitive formulations are free from aluminium, alcohol and fragrance.

Contains: Aerosol: Butane, Cyclopentasiloxane, Sodium Bicarbonate, Propylene Carbonate, Quaternium-18 Bentonite, Isopropyl Myristate, Calcium Sodium Phosphosilicate (Biosorb™ Crystals) (And) Mica, Disodium EDTA, BHT.
Roll On: Aqua (Water), Cyclopentasiloxane (And) Cyclohexasiloxane, Sodium Bicarbonate, Polyglyceryl-4 Isostearate (And) Cetyl PEG/PPG-10/1 Dimethicone (And) Hexyl Laurate, Butylene Glycol, Magnesium Sulfate, Disodium EDTA, Calcium Sodium Phosphosilicate (Biosorb™ Crystals) (and) Mica, Methylparaben, Propylparaben, Dichlorobenzyl Alcohol, BHT.

Available in: 100g aerosol and 80g roll-on.

QV Naked Anti-Perspirant Deodorant

Profile: Gentle on skin, powerful protection against odour, QV Naked Anti-Perspirant Deodorant is fragrance free, designed for sensitive skin and presented in a choice of aerosol and roll-on.

Benefits: The formulations are free from alcohol and fragrance, contain moisturising ingredients and use aluminium salts to provide 24 Hour anti-perspirant efficacy.

Contains: Aerosol: Cyclopentasiloxane, Butane, Aluminium Chlorohydrate, Propylene Carbonate, Quaternium-18 Bentonite, Isopropyl Myristate, Disodium EDTA, BHT, Calcium Sodium Phosphosilicate (Biosorb™ Crystals) (And) Mica.

Available in: 100g aerosol and 80g roll-on.

Resolve™

**Resolve Solution**

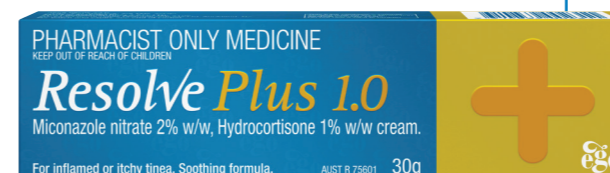

Profile: An effective treatment for fungal nail and skin infections such as ringworm, tinea and pityriasis versicolor.

Benefits: Clear solution, which spreads easily and penetrates under and around the nail.

Contains: Active (w/w): Miconazole 2%. Also contains 70% v/v alcohol.

Available in: 25mL dropper bottle.

Resolve™

**Resolve Plus 1.0**

Profile: Combined anti-inflammatory and broad-spectrum anti-fungal cream for inflamed fungal infections.

Benefits: Soft and easy to apply, it helps treat the fungal infection and associated inflammation. It helps reduce the irritation caused by moisture and inflammation at the site of infection. A combined anti-inflammatory and anti-fungal agent in one product, Resolve Plus 1.0 makes it easier and more cost effective to help treat inflamed fungal conditions. It also has a protective cream base.

Contains: Actives (w/w): Hydrocortisone 1%, Miconazole Nitrate 2%. Preservative: Phenethyl Alcohol.

Available in: 30g tamper evident tube.

Dosage: Clean and dry affected area thoroughly. Gently apply to affected and surrounding skin twice daily. Once inflammation has subsided continue treatment with an antifungal cream for 14 days after symptoms disappear to avoid recurrence.[^]

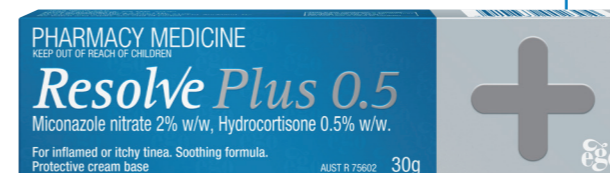

**Resolve Tinea Cream**

Profile: An effective broad-spectrum anti-fungal cream for the treatment of athlete's foot, jock-itch, ringworm, pityriasis versicolor and fungal infections where bacterial infection may be present.

Benefits: Silicone cream base helps protect aggravated skin from being irritated by moisture.

Contains: Active (w/w): Miconazole Nitrate 2%. Preservative: Phenethyl Alcohol.

Available in: 25g and 50g tamper evident tubes.

**Resolve Plus 0.5**

Profile: Combined anti-inflammatory and broad-spectrum anti-fungal cream for inflamed fungal infections.

Benefits: Soft and easy to apply, it helps treat the fungal infection and associated inflammation. It helps reduce the irritation caused by moisture and inflammation at the site of infection. A combined anti-inflammatory and anti-fungal agent in one product, Resolve Plus 0.5 makes it easier and more cost effective to help treat inflamed fungal conditions. It also has a protective cream base.

Contains: Actives (w/w): Hydrocortisone 0.5%, Miconazole Nitrate 2%. Preservative: Phenethyl alcohol.

Available in: 30g tamper evident tube.

**Resolve Jock-Itch Cream**

Profile: An effective broad spectrum anti-fungal cream for the treatment of jock-itch.

Benefits: Silicone cream base helps protect aggravated skin from being irritated by moisture.

Contains: Active (w/w): Miconazole Nitrate 2%. Preservative: Phenethyl Alcohol.

Available in: 25g tamper evident tube.

[^]Review the full PI before recommending Resolve Plus 1.0. PI available on request from Ego Pharmaceuticals and can be accessed at <https://www.ebs.tga.gov.au>.

SolvEasy™

SolvEasy Tinea Spray*

Profile: An effective treatment for tinea pedis (athlete's foot) in a spray formulation. It utilises terbinafine hydrochloride as the active which means that application time is once a day for seven days.[^]

Benefits: The active ingredient terbinafine hydrochloride binds to the skin and remains active after the last application. The short application time assists with compliance.

Contains: Active (w/w): Terbinafine Hydrochloride 1%.

Available in: 16mL spray.

Silic 15™

Silic 15 Cream

Profile: Silic 15 forms a barrier to help protect the skin from water, detergents and other irritants. Suitable for use on skin surrounding colostomy site. Helps to protect against bedsores and helps protect compromised skin from further irritation.

Benefits: A non-sticky, non-greasy, protective, moisturising cream. It contains dimethicone to help protect your skin from irritants. Lanolin-free, perfume-free. Suitable for sensitive skin.

Contains: Cream: Aqua (Water), Dimethicone, Cetyl Alcohol, Glyceryl Stearate SE, Paraffinum Liquidum, Glycerin, Methylparaben, Ethylparaben.

Available in: 75g tamper evident tube and 500g jar.

SolvEasy Tinea Cream*

Profile: An effective treatment for tinea pedis (athlete's foot). It utilises terbinafine hydrochloride as the active which means that application time is once a day for seven days.[^]

Benefits: The active ingredient terbinafine hydrochloride binds to the skin and remains active after the last application. The short application time assists with compliance.

Contains: Active (w/w): Terbinafine Hydrochloride 1%.
Preservatives: Benzyl Alcohol, Hydroxybenzoates.

Available in: 15g and 30g tamper evident tubes.

SolvEasy Tinea Gel*

Profile: An effective treatment for tinea pedis (athlete's foot) in a gel formulation. It utilises terbinafine hydrochloride as the active which means that application time is once a day for seven days.[^]

Benefits: The active ingredient terbinafine hydrochloride binds to the skin and remains active after the last application. The short application time assists with compliance.

Contains: Active (w/w): Terbinafine Hydrochloride 1%.

Available in: 15g and 30g tamper evident tubes.

SEBITAR

Sebitar*

Profile: A cleansing treatment for scaling and flaking of the scalp associated with seborrhoeic dermatitis, eczema and psoriasis of the scalp.

Benefits: Gentle formula that relieves itch and reduces inflammation. Aids in the relief of eczema and psoriasis of the scalp. pH 6.

Contains: Actives (w/w): Tar (Pine) 1%, Coal Tar Solution 1%, Salicylic Acid 2%.
Preservative: Benzyl Alcohol.

Available in: 250mL and 500mL bottles.

SEBIRINSE

Sebirinse

Profile: A conditioner specially formulated for use after Sebitar.

Benefits: Conditions the hair surface and helps correct dryness and prevent tangles. Removes any tar odours remaining on the hair after use of Sebitar. Helps restore shine and manageability. pH balanced.

Contains: Aqua (Water), Cetearyl Alcohol, Glycerin, Behentrimonium Methosulfate, Phenethyl Alcohol, Panthenol, Cetareth-20, Parfum (Fragrance).

Available in: 200g tube.

*Not recommended for children under 12 years of age. ^Treatment time for tinea pedis between the toes.

*Do not use on children under 2 years. Not recommended for pregnant or breast-feeding women.

SOOV

**SOOV Cream**

Profile: An antiseptic cream that relieves pain and helps prevent infections of cuts, grazes, minor burns, scalds and sunburn.

Benefits: Provides fast, soothing pain relief and helps prevent infection of cuts grazes and minor burns. Lanolin-free and paraben-free for sensitive skin.

Contains: Actives (w/w): Lidocaine (Lignocaine) Hydrochloride Monohydrate 1%, Phenoxisopropanol 1%, Cetrimide 1%, Chlorhexidine Gluconate 0.2%.
Preservative: Phenoxisopropanol.

Available in: 50g tamper evident tube.

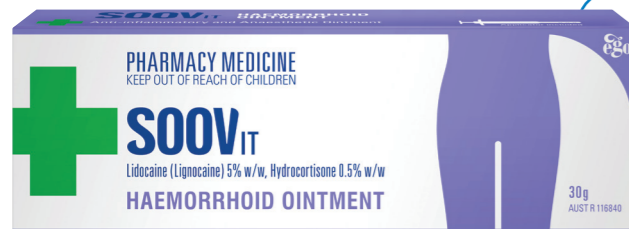

**SOOV Bite***

Profile: A fast-acting gel with local anaesthetic for the temporary relief from pain due to insect bites and plant stings.

Benefits: Provides fast acting, temporary relief and is simple to use. The cooling gel base is formulated with an antiseptic to help prevent infection.

Contains: Actives (w/w): Lidocaine (Lignocaine) Hydrochloride Monohydrate 3%, Cetrimide 0.5%.
Preservative: Phenoxisopropanol.
Contains ethanol.

Available in: 25g tamper evident tube.

**SOOV IT#**

Profile: A soothing anti-inflammatory, anaesthetic ointment that helps relieve the discomfort caused by haemorrhoids, both externally and internally.

Benefits: An ointment that is provided with a measured dosage applicator that helps provide a fast-acting soothing relief from the pain and itch caused by haemorrhoids.

Contains: Actives (w/w): Lidocaine (Lignocaine) 5%, Hydrocortisone 0.5%.

Available in: 30g tamper evident tube with applicator.

SOOV

**SOOV Prickly Heat Powder**

Profile: Medicated absorbent dusting powder that soothes skin irritation caused by prickly heat or heat rash.

Benefits: Soothes skin irritated by prickly heat or heat rash. Free of starch, talc and boric acid.

Contains: Active (w/w): Zinc Oxide 10%.

Available in: 50g shaker pack.

**SOOV Burn^**

Profile: A fast acting antiseptic and anaesthetic spray to relieve the pain of sunburn and minor burns.

Benefits: Gives pain relief while helping protect the skin from infection. The gentle spray application helps reduce further irritation.

Contains: Actives (w/w): Lidocaine (Lignocaine) Hydrochloride Monohydrate 2%, Cetrimide 0.25%.
Preservative: Phenoxyethanol.

Available in: 200mL spray bottle.

Always read the label. Follow the directions for use. If symptoms persist, worsen or change unexpectedly, talk to your health professional.

*Suitable for children above 2 years and adults.

^For external use only in children aged 2-12 years. Not to be used for tuberculosis or an infection.

^Not suitable for use on deep wounds or serious burns. Suitable for children above 2 years and adults.

SunSense Performance

Profile: A light and non-greasy water resistant formula for an active lifestyle.

Benefits: Contains Nicotinamide (Vitamin B3) to moisturise the skin. Fragrance-free and water resistant for 4 hours, it has been dermatologically tested and is non greasy.

Contains: Actives (w/w): Octyl Methoxycinnamate, Butyl Methoxydibenzoylmethane, Diethylamino Hydroxybenzoyl Hexyl Benzoate, Octocrylene, Bemotrizinol, Titanium Dioxide.

Preservatives: Phenoxyethanol, Methyl Hydroxybenzoate, Ethyl Hydroxybenzoate

Available in: 50mL roll on, 125mL and 250mL bottles and 500mL pump pack.

SunSense Comfort

Profile: Lightweight, non-greasy broad spectrum sunscreen with SPF50+ for everyday use.

Benefits: SunSense Comfort SPF 50+ has a dry touch finish and contains moisturising Vitamin B3 (Nicotinamide).

Contains: Actives (w/w): Homosalate, Octocrylene, Diethylamino Hydroxybenzoyl Hexyl Benzoate, Bemotrizinol, Titanium Dioxide.

Preservatives: Propyl Hydroxybenzoate, Methyl Hydroxybenzoate, Phenoxyethanol.

Available in: 125mL and 250mL bottles.

SunSense Face Ultra Light Tint

Profile: An invisible, matte, sheer tint sunscreen for your face and neck for daily sun protection.

Benefits: Broad spectrum coverage from harmful UVA and UVB rays. Oil-free and non-shiny with a dry-touch finish, it's been dermatologically tested and is suitable for all skin types. Contains Vitamin E and Nicotinamide (Vitamin B3) to help moisturise and visibly improve skin texture.

Contains: Actives (w/w): Homosalate, Octocrylene, Diethylamino Hydroxybenzoyl Hexyl Benzoate, Butyl Methoxydibenzoylmethane, Bemotrizinol, Titanium Dioxide. Preservatives: Hydroxybenzoates, Dichlorobenzyl Alcohol, Phenoxyethanol.

Available in: 100mL bottle.

SunSense Lip Balm

Profile: A moisturising lip balm with SPF 50+ broad spectrum protection.

Benefits: Glide-on lip applicator makes it easy to apply and will help protect lips from drying and UV sun exposure. 4 hours water resistant.

Contains: Actives (w/w): Octyl Methoxycinnamate, Butyl Methoxydibenzoylmethane, Diethylamino Hydroxybenzoyl Hexyl Benzoate, Bemotrizinol, Oxybenzone, Titanium Dioxide.

Available in: 15g tube.

zatamil

Mometasone furoate 0.1%

Zatamil Lotion

Profile: A light, fluid, clear lotion for easy application to hirsute areas such as the scalp.

Benefits: Suitable for relief of inflammatory and pruritic manifestations of corticosteroid-responsive dermatoses, such as psoriasis and atopic dermatitis. Mometasone furoate lotion demonstrated significantly greater efficacy than betamethasone valerate lotion¹ and an equivalent side effect profile to OTC hydrocortisone 1.0%.² Zatamil lotion is preservative free.

Contains: Active (w/w): Mometasone Furoate, 0.1%.

Available in: 30mL dropper bottle.

Zatamil Hydrogel

Profile: A light, clear, elegant gel for discrete application to visible areas such as the hands and face.

Benefits: Gel base designed for fast drug delivery. A non-greasy, cosmetically appealing alternative to mometasone furoate ointment, achieving a similar 24-hour anti-inflammatory response.^{3,4} Suitable for relief of inflammatory dermatoses such as psoriasis and atopic dermatitis.

Contains: Mometasone Furoate 0.1%.

Available in: 15g and 45g tubes.

† A 30-minute application of Zatamil Hydrogel and a 70 minute application of mometasone furoate ointment achieve a similar 24 hour anti-inflammatory response.

Designed for fast action

Zatamil Ointment

Profile: A soft, elegant ointment.

Benefits: An occlusive water-free base designed for moisture retention. Suitable for relief of inflammatory and pruritic manifestations of corticosteroid-responsive dermatoses, such as psoriasis and atopic dermatitis.

Contains: Active (w/w): Mometasone Furoate 0.1%.

Available in: 15g and 45g tubes.

Zatamil Hydrogel 15g and Zatamil Ointment 15g are now available as S3.

PBS Information: Zatamil Lotion 30mL and Zatamil Ointment 15g. Authority Required (Streamlined). Treatment of corticosteroid-responsive dermatoses. Refer to PBS Schedule for full authority information. Zatamil Hydrogel and Zatamil Ointment 45g: these products are not listed on the PBS.

Before prescribing or recommending please review the full Product Information.

Full Product Information is available on request from Ego Pharmaceuticals Pty Ltd and can be accessed at: <https://www.ebs.tga.gov.au>

Zatamil (mometasone furoate) Hydrogel, Ointment, Lotion - Minimum Product Information Indications: Short term (up to four continuous weeks) relief of inflammatory and pruritic manifestations of corticosteroid-responsive dermatoses, such as psoriasis and atopic dermatitis. Zatamil Lotion is suitable for use in scalp psoriasis and application to other areas of the body. Contraindications: Hypersensitivity; tuberculosis; fungal or viral skin infections; acne rosacea; perioral dermatitis; ulcerative conditions. Precautions: Irritation or sensitisation; infection; infants and children; prolonged or extensive use; occlusion; eye contact; pregnancy (Category B3); lactation. Adverse Reactions: Itching; burning; stinging; skin atrophy; acneiform reactions. Dosage and Administration: A thin film of Zatamil Hydrogel or Ointment should be applied to the affected skin area once daily. A few drops of Zatamil Lotion should be applied to affected skin areas including scalp sites once daily; massage gently and thoroughly until the medication disappears. Based on TGA approved PI dated 14/08/2020.

Preservatives:

To ensure a product is stable and is not affected by microbial contamination during normal use, preservatives are often included in Ego products. Methyl hydroxybenzoate, propyl hydroxybenzoate, dichlorobenzyl alcohol, phenoxyisopropanol, phenethyl alcohol and phenoxyethanol are used as they have been extensively studied and are less likely to cause adverse reactions than some other preservatives. Ego tries to avoid the use of preservatives where the formula allows, or otherwise keeps the level of preservatives low.

No Ego product contains formaldehyde or methylchloroisothiazolinone- methylisothiazolinone (Kathon CG-Reg. T.M.) or chlorocresol.
