Packaging Information

Contents:

(1) Untreated Suction Toothbrush

Indications of Use:

Aids in the removal of dental plaque, debris and oral secretions.

Instructions for Use:

Peel package open. Attach Suction Toothbrush to suction line. Brush teeth and oral cavity for 1 minute. To suction, place thumb over port. Rinse to clear tubing after use. Discard.

Caution:

Do not allow patient to bite down on oral care tool. Use a bite block if patient has altered levels of consciousness or cannot comprehend commands. Use caution with children and unresponsive individuals. Failure to follow these safety precautions may damage the device and present a choking/aspiration hazard. May not function as intended/potential risk of cross-contamination if device is reused.

Not made with natural rubber latex.

Suction Toothbrush: MDD 93/42/EEC
