SIGVARIS

SIGVARIS WELL BEING

Pay more attention to your legs

SIGVARIS WELL BEING is dedicated entirely to the well being of your legs. It helps to relieve vein problems, improve the health of your legs and make them more attractive.

If your legs feel heavy, swollen and painful, this could be the first signs of chronic vein disease. These symptoms are particularly noticeable if you spend a long time sitting or standing, causing your legs to swell during the course of the day or when it is hot outside.

SIGVARIS WELL BEING products significantly relieve vein symptoms such as heavy and tired legs or swollen ankles. They are designed to have a positive influence on the health of your legs.

The SIGVARIS WELL BEING range includes **TRAVENO** travel stockings, **DELILAH**, **SAMSON** and **SAMSON & DELILAH** support stockings and **LIFESTOCKINGS** (CITYLIGHT and HIGHLIGHT).

SIGVARIS

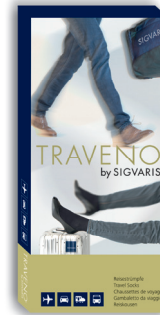

TRAVENO

For healthy veins while travelling

Whether you are travelling by plane, car or train, if you sit for long periods of time you will reduce the flow of blood back through the veins in your legs. Your feet and lower legs will begin to swell and you may experience pain in your legs. Occasionally this can lead to deep vein thrombosis, which is associated with the risk of pulmonary embolism.

TRAVENO promotes the blood circulation in your legs by applying gentle pressure. TRAVENO's innovative knit helps to prevent odour and makes the stockings comfortable to wear, ensuring that your legs do not cause you any discomfort while travelling.

For men and women

- Intensive support (15-18 mmHg around the ankle region)
- Reduces swelling of the legs
- Breathable and easy-care
- Ideal for travelling
- Proven medical benefit

SIGVARIS

Support stockings

Lengthy sitting or standing puts strain on your veins. Support stockings by SIGVARIS actively enhance the health of your legs. By providing optimal support, they will help you to feel more at ease. Whether at work or in your leisure time, these support stockings will keep your legs feeling light all day long.

For women

- Elegant appearance
- Optimal support
- Comfortable to wear

DELILAH 70D

Assortment

Fine and resplendent

What does denier (D/den) mean?

The denier number tells you the strength of the yarn that is used and indicates the weight in grams of 9,000 metres of yarn. The higher the denier number, the thicker the yarn and the more opaque the stockings appear.

For example, 70 denier means that 9,000 metres of yarn weigh 70 grams.
